

OVERVIEW

Innv8e will implement regional development projects to build regional capacity for sustainability and empower the most vulnerable members of the community through employment creation and ownership as part of its mission to structure and match resources to community needs.

The aim is to promote social inclusion in the implementation of CSR activities, the initiatives will be implemented through stakeholder consultations, relevant programme design, project summaries, and a regional problems database alongside Regional Governors in all fourteen regions. These activities will, in turn, encourage social enterprise in the regions. The ultimate objective is to establish an Impact Investment Fund that will manage grants and investor funds.

FOCUS: Create technical, financial and in-kind capacity for CSR, Social Enterprise and Capital Projects and development at Regional level.

SCOPE & PURPOSE: Through the signed resolution with the Governors of the Republic of Namibia, Innv8e has officially been appointed to deliver an ecosystem and solutions to implement CSR, Social Enterprise and Capital Projects at Regional level through the Governors' offices. Create strategy and structures for a multi-stakeholder environment to drive the focus and purpose of this programme.
